Students Supported

ABIC, WITH THE GENEROUS SUPPORT OF ITS MEMBERS, WILL CONTINUE TO HELP SECURE BERMUDA'S FUTURE BY INVESTING IN EDUCATION. IT IS ONE OF OUR MOST IMPORTANT PRIORITIES, AND ONE THAT WE ARE FULLY COMMITTED TO.

From the earliest days of Bermuda's emergence as a top international centre, the need for world-class employees was obvious.

In 1977, Bermuda's international companies took steps to create a Bermudian pool of talent to participate in this growing sector. Education was the key and their effort launched what now ranks as the largest post-secondary scholarship program in Bermuda: **the ABIC Education Awards**.

The Education Awards are sponsored by annual donations from international companies in Bermuda. As the sector has grown, so has the size and scope of the program. It now stands out as a first choice for companies looking to invest in Bermuda's future.

The mission is to enable qualified Bermudians in financial need, to pursue their undergraduate or graduate educational goals in areas related to international business. The hope is that they return to the Island to help build the international business sector.

Selection is based on a combination of the applicant's financial need and academic ability. The awards are given only to students pursuing higher education at accredited degree-granting colleges and universities. Students in the program have attended universities in Canada, the United States, United Kingdom, Ireland, Europe and Australia.

The year the awards were established there were four recipients. Awards are now given to about 15 - 20 students annually. More than 650 students have been provided with scholarships – many of them hold leadership positions in international business or in the industries supporting it. In the last ten years alone ABIC companies have donated \$5.5 million to the program.

The largest corporate contributors to the program each year are designated with "Corporate Named Awards" in the name of the corporation. This creates a direct connection between the company providing the award and the student. Students are encouraged to treat this as a mentoring opportunity – a chance to obtain career guidance and advice from their corporate sponsors.

To celebrate the 40th Anniversary, the Alumni created the 2017 ABICEA Give Back Campaign providing an opportunity for alumni to help mature students with financial need to pursue new educational and career goals.

Thank You

The Association of Bermuda International Companies would like to take this opportunity to say thank you to these members for their continued support, generosity and commitment to Bermuda's future.

Glen J. Miskiewicz Memorial Award

Glen J. Miskiewicz, CA, CPA was a Canadian qualified Chartered Accountant. He was a member of the Manitoba, Canada and Bermuda Institutes of Chartered Accountants with over 20 years of experience in the financial services industry including 15 years of captive reinsurance experience.

Glen began his professional career in Winnipeg as a Manager with the accounting firm of Doane Raymond. He subsequently moved to Bermuda in 1997 as a Senior Manager at PriceWaterhouseCoopers (PwC). He moved on to Tyco International in 1999 to become the Director of Finance, Administration, Treasury and Shareholder Services and then joined Roche Services Holdings in 2007 as the Finance Manager and was later appointed President and General Manager of the Bermuda Group in 2014. Glen was a truly gifted individual with outstanding technical abilities combined with a balanced every-day human approach to his peers and his work. He had an amazing mind for facts and figures and made a significant contribution to the various companies he worked for. He was well known for his ability to assimilate large amounts of challenging technical information and then explain it in the simplest terms, to think outside the box and to make difficult strategic decisions.

Glen realized at an early age the value of higher education and worked very hard to attain this for himself. His accomplishments were attributed to his dedication and self-discipline but largely to his passion for continuous learning. Whether personally or through his senior leadership roles at Tyco and Roche, he was always a huge advocate for education, giving freely of his time and resources to teach and help others get the tools to learn.

During his career in Bermuda, Glen was a strong supporter of the ABIC Education Awards. To continue Glen's support, an ABIC Education Award has been established in his name to honor his incredible drive, values and accomplishments as a husband, father, friend and businessman, to pay forward his opportunity to study finance/accounting and to continue his generosity in giving back to the Bermuda business community.

ABIC Education Awards Alumni Quotes

I am eternally grateful for the opportunities offered to me through the ABIC scholarship programme. It has connected me to many other young professionals working towards successful careers. Without the ABIC scholarship, I probably would have had to work a part time job while in school - which would definitely have affected my studies. Having such an investment placed in you at such a young age is incredible uplifting, and kept me pushing forward in a challenging programme. For all these things, I am so very thankful.

Emily Osbourne, Actuarial Analyst
RSA Group Canada (2015 scholar)

Receiving the ABIC Education Award helped me vastly in my journey into the insurance industry. Ever since I was young I always dreamed of entering the business world. If it wasn't for the ABICEA, my dream would have never have been made possible. With the cost of university entailing such a huge expenditure, I knew the only way I was going to attend was through scholarship funding. Being a recipient of the ABICEA allowed me to commence my career journey by attend Georgia State University. I am extremely grateful to have been selected and to now be a part of such a prominent Alumni group. I extend a huge thank you to ABIC and its member companies for everything that they do to help Bermudian students.

After working full-time to obtain my Associate Degree from Bermuda College, I planned to continue working and complete my undergraduate degree on island through Bermuda College. As a mature student, there were limited scholarship options; however when I saw the advertisement for the ABIC scholarships, I submitted my application. When I received the phone call that I was successful, it was one of the best days of my life as it gave me the opportunity to travel overseas and complete my Bachelor's Degree at Mount Saint Vincent University (graduated with distinction in 2008). I will always be grateful to ABIC as I was able to secure a job at an accounting firm and now working for the Office of the Auditor General.

The ABIC scholarship gave me the opportunity to spend my final summers before completing university on academic projects instead of a summer job. The time spent on these projects was invaluable to both my academic and professional career. The skills developed during these summers set me up for a strong final year in university and expanded my prospects when deciding a career path. The ABIC scholarship enabled opportunities which would have otherwise been impossible. I am forever grateful.

"The ABIC Education Awards enables young Bermudians to further their education overseas and acquire the skill sets in order to participate and succeed in International Business. As former scholarship recipients working in International Business, we are uniquely positioned to act as ambassadors to positively influence perceptions about Bermudians in the international business arena and perceptions about International business within our communities. We must continue to tangibly demonstrate, by our contributions to the success of our companies, that it's a great investment for International companies to award scholarships to Bermudian students."

he moment I received news that I had been awarded the ABIC Scholarship, my world felt so much brighter. This Scholarship changed my life, as well as the life of my parents, not only financially, but spiritually. I felt honored that someone recognized my potential and was standing behind me to continue to release my hidden talents. "Your Only Limit Is You. Aim High And You Will Succeed."

ABIC Education Awards was a blessing to me as the scholarship eased the burden of a costly college education. Tuition increases every year underlying the need for these awards and I am thankful I was chosen as a recipient. Prior to college, I had always wanted to enter the world of business, a dream which was made possible through the assistance of ABICEA, as I learned the basics of business in college, which then led me to an accounting firm, a bank, Bermuda Government and now I'm back at an accounting firm, with a Masters and certifications. I would encourage Bermudian students to prepare themselves early to become eligible for scholarships and to use them as a stepping stone to achieve their dreams.

Kondwani Williams, CAMS, Assistant Manager – Compliance

Words cannot begin to express the gratitude that I feel towards the sponsors of the ABIC Post Graduate Scholarship. When I began exploring the idea of returning to school, I knew that the only way I would be able to take on that challenge was if I had financial help. Initially, I was very disappointed to find that most of the scholarships on offer had an age limit, which meant that I was ineligible to apply. All that changed when I read about the ABIC Post Graduate Scholarship. Finally there was a ray of hope. I applied, and as they say, the rest is history. Returning to school to qualify as a lawyer has changed my life completely. I have a job that I love and a lifestyle that I can honestly say would not have been possible without the generosity of the sponsors of this scholarship. From the bottom of my heart, I say, thank you."

Being awarded an ABIC Scholarship allowed me to go to St. John's University, one of the best for Risk Management and Insurance in the US. Since graduation, I have had the opportunity to work in London and Bermuda, in various lines of business, in both the reinsurance and insurance sectors. I have gained a vast amount of knowledge throughout this time and to this, day doors are still being opened to me ensuring a great future ahead."

When I received the ABIC Education Award, I was overcome with joy. Being able to afford university was definitely a great burden lifted off my shoulders and this enabled me to focus all my attention towards my studies. I was able to graduate and land a job with one of the Big Four audit firms and have gone on to successfully complete the US CPA program and now I have joined one of the largest publicly traded property and casualty insurers, in an accountant role, here in Bermuda. I can 100% say that it is all down to being awarded one of the ABIC Education Awards which helped me unlock my full potential.

Travis Trott, Insurance Accountant

Receiving the ABIC Education Award was the first of many accomplishments post Bermuda College graduation. It was an honor to be chosen by those esteemed persons interviewing me and it reinforced I would one day succeed with the brightest and best, if I continued to put in the hard work. The award enabled me to complete summer semesters vs. returning home to work summer jobs, delaying graduation and benefitting scholastic workflow continuity. ABIC and my sponsor company Partner Re's support was tremendous in providing options and opportunity and I thank you for continuing to offer this commitment to homegrown talent. "Education is the Passport to Opportunity.
