Celebrating 40 years

Over 590 Students And Many Success Stories

From the earliest days of Bermuda's emergence as a top international centre, the need for world-class employees was obvious.

In 1977, Bermuda's international companies took steps to create a Bermudian pool of talent to participate in this growing sector. Education was the key, and their effort launched what now ranks as the largest post-secondary scholarship program in Bermuda: the ABIC Education Awards.

The Education Awards are sponsored by annual donations from international companies in Bermuda. As the sector has grown, so has the size and scope of the program. It now stands out as a first choice for companies looking to invest in Bermuda's future.

The mission is to enable qualified Bermudians, in financial need, to pursue their undergraduate or graduate educational goals in areas related to international business. The hope is that they return to the Island to help build the international business sector.

Selection is based on a combination of the applicant's financial need and academic ability. The awards are given only to students pursuing higher education at accredited degree-granting colleges and universities. Students in the program have attended universities in Canada, the United States, United Kingdom, Ireland, Europe and Australia.

The year the awards were established, there were four recipients. Awards are now given to about 15 - 20 students annually. More than 590 students have been provided with two year scholarships – many of them in leadership positions in international business, or in the industries supporting it. In the last ten years alone, ABIC companies have donated \$5 million to the program.

The largest corporate contributors to the program each year are designated with "Corporate Named Awards" in the name of the corporation. This creates a direct connection between the company providing the award and the student. Students are encouraged to treat this as a mentoring opportunity – a chance to obtain career guidance and advice from their corporate sponsors.

To celebrate the 40th Anniversary of ABICEA the Alumni created the 2017 ABICEA Give Back Campaign providing an opportunity for alumni to help mature students with financial need to pursue new educational and career goals.

ABIC, with the generous support of its members, will continue to help secure Bermuda's future by investing in Education. It is one of our most important priorities, and one that we are fully committed to.

"The moment I received news that I had been awarded the ABIC Scholarship, my world felt so much brighter. This Scholarship changed my life, as well as the life of my parents, not only financially, but spiritually. I felt honored that someone recognized my potential and was standing behind me to continue to release my hidden talents. "Your Only Limit Is You. Aim High And You Will Succeed."

**Elkeisha Caisey, Administrator, Trade Services,
Bank of N.T. Butterfield & Son Limited (2009 scholar)**

"ABIC Education Awards was a blessing to me as the scholarship eased the burden of a costly college education. Tuition increases every year underlying the need for these awards and I am thankful I was chosen as a recipient. Prior to college, I had always wanted to enter the world of business, a dream which was made possible through the assistance of ABICEA, as I learned the basics of business in college, which then led me to an accounting firm, a bank, Bermuda Government and now I'm back at an accounting firm, with a Masters and certifications. I would encourage Bermudian students to prepare themselves early to become eligible for scholarships and to use them as a stepping stone to achieve their dreams."

**Kondwani Williams, CAMS, Assistant Manager – Compliance,
KPMG Bermuda (1999 scholar)**

"Words cannot begin to express the gratitude that I feel towards the sponsors of the ABIC Post Graduate Scholarship. When I began exploring the idea of returning to school, I knew that the only way I would be able to take on that challenge was if I had financial help. Initially, I was very disappointed to find that most of the scholarships on offer had an age limit, which meant that I was ineligible to apply. All that changed when I read about the ABIC Post Graduate Scholarship. Finally there was a ray of hope. I applied, and as they say, the rest is history. Returning to school to qualify as a lawyer has changed my life completely. I have a job that I love and a lifestyle that I can honestly say would not have been possible without the generosity of the sponsors of this scholarship. From the bottom of my heart, I say, thank you."

Lisa Trott, Legal Counsel, Bank of N.T. Butterfield (2011 scholar)

“Being awarded an ABIC Scholarship allowed me to go to St. John’s University, one of the best for Risk Management and Insurance in the US. Since graduation, I have had the opportunity to work in London and Bermuda, in various lines of business, in both the reinsurance and insurance sectors. I have gained a vast amount of knowledge throughout this time and to this, day doors are still being opened to me ensuring a great future ahead.”

**Nicholas Butterfield, Technical Assistant – Professional Lines,
Sompo International (2009 scholar)**

“When I received the ABIC Education Award, I was overcome with joy. Being able to afford university was definitely a great burden lifted off my shoulders and this enabled me to focus all my attention towards my studies. I was able to graduate and land a job with one of the Big Four audit firms and have gone on to successfully complete the US CPA program and now I have joined one of the largest publicly traded property and casualty insurers, in an accountant role, here in Bermuda. I can 100% say that it is all down to being awarded one of the ABIC Education Awards which helped me unlock my full potential.”

Travis Trott, Insurance Accountant, Chubb (2013 scholar)

“Receiving the ABIC Education Award was the first of many accomplishments post Bermuda College graduation. It was an honor to be chosen by those esteemed persons interviewing me and it reinforced I would one day succeed with the brightest and best, if I continued to put in the hard work. The award enabled me to complete summer semesters vs. returning home to work summer jobs, delaying graduation and benefitting scholastic workflow continuity. ABIC and my sponsor company Partner Re’s support was tremendous in providing options and opportunity and I thank you for continuing to offer this commitment to homegrown talent. “Education is the Passport to Opportunity.”

Over the past 40 years, more than 590 ABICEA alumni have received gifts of financial support and mentoring from companies and individuals in International Business.

To celebrate the 40th Anniversary of ABICEA, these recipients of the awards created the 2017 ABICEA Give Back Campaign, providing an opportunity for alumni to help students with financial need, achieve their educational and career goals.

ABIC's Chairman and ABICEA Alum, Patrick Tannock states, that "as part of our ABICEA 40th Anniversary celebration, we have invited ABICEA Alumni to contribute to a special award that will help mature individuals with a proven employment history and who are interested in upgrading their skill set so that they remain relevant in an ever-evolving, highly competitive global marketplace, to pursue new educational and career goals."

We wish to thank all ABICEA Alumni donors who supported this special ABICEA Alumni Award.
