International **Cyber Risk Management** Conference

Bermuda

DEC 6-7, 2018 | HAMILTON PRINCESS & BEACH CLUB

INSURANCE APPROACHES TO CYBER RISK MANAGEMENT

The cyber risk landscape is rapidly evolving. Are insurers rising to meet the need with products and services that are equal to the task? Are current client needs getting the attention required?

The International Cyber Risk Management Conference is an essential forum for risk managers. ICRMC Bermuda will focus on risk transfer approaches to cyber risk management.

Program Highlights:

- Current Cyber Risk Trends and How They're Impacting Services and Offerings
- Cyber Pricing, Underwriting, Modelling and Reserving
- Reinsurance and ILS – Managing Cyber Cat Risk
- From Blockchain to Crypto-Currency – Cyber Security Implications
- Employing AI in Cyber Risk Management
